

Academic Discourse I

FS101

Class Discussion:

What Do Plots
Say About the Data?

20th September

Fall 2021

Oliver BONHAM-CARTER

Assignment 3:

Class Activity and Speaking About the FS101 Event

Each plot below has been picked for its misleading nature. Pick two for your own analysis. Respond to the questions in your **writing/reflections.md** document of your GitHub Classroom repository. After those questions, there are two about the message of today's speaker.

- **GitHub Classroom Repository**
 - https://classroom.github.com/a/5iu_psN9
- **Deliverables** (see writing/reflection.md of repo):
 - Written: evaluate one plot, discuss the Gator Day event
 - Speaking: Discuss your experience at the Gator Day Event

THINK

ALLEGHENY
COLLEGE

Do All First-year Students Think The Same?

Gator Day of Student Life Wednesday, September 22nd

Please note that there are no classes on Gator Day so that you have the time to explore majors, minors and other opportunities given by the college, in addition to attending the discussion.

Read more: <https://sites.allegheny.edu/gatordays/>

Choose a session time to attend: 10am or 3pm

Location: Blue Courts

Please RSVP for the event!
